Mr. Mori, the Japanese charge de-affaires, explains the present reactionist movement in Japan by saying that it is the effort of older men in public life to counteract the progressive movement of young men who have obtained the virtual control of affairs. ORGANIZATION IN HALIFAX

We alluded to the fact a few days since that Halifax County, notwithstanding her immense (negro majority, had held a meeting of all opposed to Radicalism, had appointed an efficient Executive Committee and canvassers, and had made all the necessary preparations for carrying on a vigorous campaign for Greeley and Brown.

We understand that Greeley and Brown Clubs are being formed at different points in the County. At Scotland Neck, Ringwood and Weldon these Clubs, though recently organized, are, we learn, in a flourishing condition, and are preparing for actual work. We have not beard how the Clubs at Halifax and Enfield are progressing, but cannot believe that the intelligent, active young Democrats in these towns will allow Scotland Neck, Ringwood and Weldon to outstrip them.

At the meeting at Halifax a few days since, a resolution was passed thanking of the Republican candidates and has not yet commenced, and the action Edward Conigland, Esq., for his services in the late campaign. This was a Finding that he was disposed to plead deserved compliment to Mr. Conigland's for pardon, it was proposed to ask if he eral result than does the success or nonefforts on the stump and the sacrifices he made for the cause, in leaving his and Merrimon. This Shotwell declined lucrative business, to appeal to his fellow countrymen to come out in their full strength, and vote against the party of corruption and despotism. LET EVERY COUNTY BE CAN. VASSED.

Our party should be thoroughly organized in every county in the State. Why is it not done ?

Every opponent of Radicalism in ing in the ranks of the Liberals. North Carolina ought to be enrolled in a Greeley and Brown club, and then we when to expect a defeat.

Until this is done, all will be guess work and everything will be at sea. Are we never to have any organiza-

tion in this State ? With full strength to win easy victoies we tratter away our power and vield, not to superior numbers, but to the superior discipline of our enemies.

This ought not so to be-but it is a painful fact. We go into the fight under great dis-

advantages, because we are lacking in thorough and efficient organization. Shall this neglect continue?

We owe it to ourselves, to our State, FELLOW CITIZENS :and to the whole country, to see to it that we no longer suffer detriment from Let every county be placed under syste-

CURTIN, COFFEY, SLIFER.

The influence of these three distinguished Republicans in Pennsylvania has recently been cast in the scale of the Liberal Republican cause, and it will tell with powerful effect upon the election in that State, which takes place next week. Gov. Curtin, known as the war Governor, exerts more power perhaps in the State than any other politician. His ringing letter against Hartranft and the corrupt Cameron Ring is wielding a powerful influence among the Republicans.

Following the wake of Gov. Curtin, are two other influential Republicans in Pennsylvania who have likewise repudiated Radicalism and corruption and recently declared for Buckalew and honesty. These are Hon. T. J. Coffey

Mr. Coffey has been distinguished in State politics as an able and influential Senator, and was Assistant Attorney General of the United States under President Lincoln.

Mr. Slifer has served House and Senate of the Legislature, also as State Treasurer and Secretary of

The defection of these three distinguished Republicans on the eve of the election illustrates how the current is settling against Hartranft.

If Buckslew is not elected by an overwhelming majority, then indications can never more be relied on.

Appreciating, as I fully do, the important duties which the charge, thus imposed, demands; as well as feeling distrustful of the abilities of him to whom it has been confined, I have deemed it proper to bespeak from you, in the labor before me, all the aid that an honest and patriotic people have it in their power to render to a cause in which their happiness and prosperity are so deeply in

The time for organization is now upon us. But five weeks will have elapsed ere the final blow will be struck in the great struggle which is to decide the political destinies of our country for another period of four years-perchance its political, social, commercial and industrial interests and destinies for ages. I go into my appointed field with the fixed purpose-the unalterable determination, that if at last we fail, so dire and calamitous a result shall be through no reprehensible default on my part. I earnestly hope that the great bulk of our party friends in each county have already made a similar resolve, and that the apathy so long apparent is speedily to give place to earnest, energetic, well organized and well directed work, made all the more efficient by so protracted a period of rest. Do not orget that the terrible odds which have heretofore appeared against us in this District are not now a matter for our consideration, as the result of the Presidential election will be decided by the general vote of the several States. Let us remember that we have a State and a country to help to save, and go for-

ward to the task like men. In taking up the banner which the able and self-sacrificing Kitchen so gallantly bore in leading the forlorn hope during the late contest, I venture to feel that I have from you, my friends, the assurance that in every part of the District will be found our legions well disciplined and in thorough appointment, and ready for the day of final

The cheating, but dubious success in North Carolina, the but little reduced majority in Vermont, and the bought and paid for victory in Maine, have caused the friends of Greeley to be unduly dispirited, and have inspired unwarranted hopes in the Grantites. Why such should be the case it is difficult to tell, for if any well-informed man of either party had been asked three months ago the result and that, too, without dreaming of the wholesale bribery and corruption used to secure these states for Grant, Concerning North Carolina, a predic tion could not have been so accurate. the strength of the two parties being more evenly balanced there. With all its power concentrated on that one State, with all the frauds perpetrated, and all the cocreion used, the administration was able to declare only two thousand majority. Left to themselves, the gallant sons of the Old North State will next November sweep away that fraudulent majority and carry the "It has transpired that Richard State for Greeley by over ten thousand

A LITTLE WHILE.

"Only a little while, darling, Only a day or year— The golden hours a slipping past— The web to the end is traveling fast, The twilight is drawing near.

"Only a little while, at best-But a little time to love— The fairy hours with winged teet, Are swift and solems, and strangely As they near the home above.

"I dreamed of angels, dear, last night, And this was the song I heard— "Life is too fleet on its arrowy wings, ove is too sweet and holy a thing

May be but a day or a year— The loving and tender, the leal and true Are fading from sight and slipping from And the night-fall is drawing near."

UNION SHUTTLE SEWING MACHINE.

AGENTS WANTED In every county in North and South Carolina. Unparralleled inducements offered to Agents, larger commissions being paid than is done by any other Company.

This Machine is particularly adapted to those persons who are unable to purchase one of higher priced Machines, the prices ranging from \$25 to \$55. The UNION SHUTTLE is the only low-priced Lock-Stitch Machine that has any claim of merit in it. It stands without a rival for its durability, strength and firmness of finish, making, at a low price, a Sewing Machine equal to the highest priced ones, and, in some respects, superior to them all.
